"I'm an energetic person who needs a fast paced environment to feel like I am truly accomplishing something. When I heard ShopRite was hiring, I thought I'd give it a try. I was placed on the front end as a cashier where I learned the importance of servicing our customers. Shortly thereafter, I was given the opportunity to work in Customer Service where I learned how to solve problems and provide consumers with an exceptional shopping experience. It's great when you're encouraged to succeed!"

"I always had a passion for baking, but never imagined making a career out of it! ShopRite gave me the chance to learn with thorough and professional training. I felt welcomed as part of the ShopRite family. I am so fortunate to have the ability to be creative in my job, every day!"

"I wasn't sure if working in a supermarket would be for me, until I realized how important my job is to the company. I am the last person the Customer comes in contact with so I make a difference in their shopping experience. I feel strong and proud knowing that I do much more than simply ringing a Customer's purchases. Just a simple smile can make someone's day."
